

13: A Special Diet Child was Served

Last Modified on 03/05/2019 12:04 pm CST

This error is generated when a child whose file indicates that the child has a special diet is served in a meal. This error is generated as a warning only. You can disable this message for infants, non-infants, or both.

Note: To indicate a child has a special diet, check the **Special Diet** box in the Child Information Special tab.
