

23: Meals were Claimed on Dates that Fall Before this Provider's CACFP Original Start Date

Last Modified on 03/05/2019 12:50 pm CST

Minute Menu HX stores an original CACFP contract date for all providers. This date displays in the Original CACFP Start Date box in the Provider Information General tab. This error is generated if the date in this box has not yet been reached or if there is no date entered in this box. It disallows all meals on these dates.
