

# 50: A Foster Child was Claimed Outside the Foster Dates

Last Modified on 03/06/2019 12:35 pm CST

This error is generated when a foster child is claimed outside of the child's foster care dates as noted in the Tier 1 Start/End date boxes in the Child Information Rules tab or if those dates are missing.

A provider's own foster children are always reimbursed at Tier 1 rates, regardless of the provider's tier. Before Minute Menu HX can process foster children properly, you must check the Child is Tier 1 box in the Child Information Rules tab and enter the child's foster care dates in the Tier 1 Start/End dates boxes. These dates are typically based on the foster agreement the provider has with the state for those child.
