

51: A Tier 1 Child was Claimed Outside the Child's Tier 1 Eligibility Dates. Child will be Claimed as Tier 2

Last Modified on 03/08/2019 12:10 pm CST

Tier 1 children in Mixed Tier homes must have valid starting and ending eligibility dates to indicate that the child has a valid income eligibility statement on file. You enter these dates in the Tier 1 Start/End Dates boxes in the Child Information Rules tab.

If the child is claimed outside of these dates, the child will be reimbursed at Tier 2 rates.

Note: If a provider is Tier 1, the child's tiering level is not subjected to this edit check.
