

59: A Master Menu was Used, but Provider is not Approved to Serve Master Menus

Last Modified on 03/06/2019 1:21 pm CST

This error is generated when a provider attempts to use a Master Menu and is not approved to do so. This error ignores, warns, or disallows these meals.

Master Menus are single menu templates sponsors create for all providers. These menus are not date-specific or day-specific. To approve providers to use Master Menus, check the Master Menus box in the Provider Information Meals tab.
