

61: A Particular food or Type of Food was Served too Often

Sponsors can set up rules that limit the frequency with which certain foods can be served. For example, sponsors could set up a rule that cookies cannot be served more than twice to any given child. This error is generated when these rules are violated. This error warns or disallows the child or meal in question.

The rules you set up should match the statements on your printed **Food Chart** . For more information about setting up food rules, see **Food Rules** .
