

79: The Same Dinner was Served as Lunch During the Given Day

Last Modified on 03/08/2019 12:22 pm CST

This error can be issued if a dinner matches a lunch in a day to encourage diversity of offered foods. This error **only** looks at the food served—not the individual children served. This means that it still generates even if the children present at Dinner are completely different from those served at Lunch. **Error 165** applies on a child-by-child basis.

This error warns or disallows the children who attended the dinner and the lunch.
