107: Provider did not Bubble-in Any Children for the First Serving of the Following Meal(s). Meal was Automatically Adjusted

Last Modified on 04/26/2019 2:04 pm CDT

This error is generated if a provider uses the split serving/shift mechanism on scannable forms, but does not indicate if any children attended the first serving. It has no impact on processing, but is intended to help the provider properly fill out paperwork in the future.
