

122: Non-Participating Child Noted for Capacity Checking, Yet Disallowed for Meals

Last Modified on 03/07/2019 1:57 pm CST

When children are enrolled, the parent can indicate that the child is not participating in the Food Program. This is done in some states for the provider's own children. When these children are claimed, the processor notes them for capacity purposes, but they are not reimbursed as part of the Food Program.

This error is generated to indicate that non-participating children were noted. If you see this error and you do not deal with non-participating children in any way, update the affected child's file accordingly (check the Participating in CACFP box in the Child Information Child tab).
