

135: Invalid Child Number Recorded on In/Out Form

Last Modified on 03/07/2019 3:10 pm CST

This error is generated if you scan In/Out forms and mark a child number that does not exist. It either warns or disallows the child, but is most commonly used for informational purposes (warn).

Note: Remember that you must scan or manually enter enrollments before you scan In/Out forms.
