

141: Provider was Over Capacity for Not for Pay Children

Last Modified on 03/07/2019 3:42 pm CST

Not-for-pay children (usually children related to the provider) are counted with a distinct maximum capacity in Georgia (and possibly other states). This error is generated if the provider's not-for-pay children are over capacity.

Children are noted as Not for Pay in the Pay Source field in the Child information Special tab.
