

151: Provider Recorded Children in Attendance Not Seen by Monitor

Last Modified on 03/07/2019 4:35 pm CST

This error is generated if a meal was reviewed during the month, and the provider marked children in attendance that were not marked as observed by a Monitor. It can be a warning or a disallowance. Consult the Provider Reviews Meal tab for the appropriate review.

Note: This error cannot be generated unless child attendance is marked with the review in the Minute Menu HX database.
