

# 152: Helpers Children Must be Income Eligible to be Claimed

Last Modified on 03/07/2019 4:40 pm CST

Helpers' children must be Tier 1 Income Eligible to be marked in attendance in Minnesota (and some other states). Minute Menu HX can be configured to check for this for any sponsor. If this check is enabled, any helper's child who is not marked with valid Tier 1 Income Eligibility information in the Child Information Rules tab is disallowed.
