January 20, 2022

UPDATED: We have updated the 2022 census information per USDA data.

UPDATED: We have updated the Provider Tax report to include copy covering COVID emergency fund payments.

UPDATED: We have removed the Claims Submission Number from the Adjust Claims window.

UPDATED: We have optimized the Full Month Attendance by Meal/Child functions so that they save faster.

UPDATED: We have added two new sponsor preferences to prevent providers from enrolling and/or withdrawing children in KidKare. These preferences are **M.012 Prevent All Providers from Enrolling Children Online** and **M.013 Prevent Providers from Withdrawing Children Online**. Previously, users had to adjust these settings on a per-provider basis.

FIXED: The Massachusetts State Provider file is not working.

FIXED: Users are unable to log into a new provider account if that provider had an account with the same ID previously and that account was deleted.

FIXED: Long text on certain reports is cut off.

FIXED: Some users are unable to log in to Minute Menu HX and receive an error stating that the login or password entered was invalid.

FIXED: Some users are unable to put providers on hold.

FIXED: Some users are unable to withdraw children.
